

Marple Cottage Surgery

Patient Online Services

This practice currently offers facilities for our patients to:

- Book, view, amend, cancel and print appointments online.
- Order online, view and print a list of repeat prescriptions for drugs, medicines or appliances.
- View their medical records online, which includes viewing consultations, accessing letters, and viewing summary of their medications, allergies, adverse reactions

If you do not already have a user name/password for this system please register at reception or email stoccg.marplecottagereception@nhs.net.

GP2GP Record Transfer

If you leave your previous practice and register with a new GP your medical records will be forwarded on to your new GP via NHS England. It can take several weeks for your paper records to reach your new surgery. However, GP2GP messaging technology enables the practice to receive patients clinical records electronically as new patients join the practice. More information on GP2GP can be found at:

<http://systems.hscic.gov.uk/gp2gp>

Marple Cottage Surgery is currently using GP2GP messaging technology to send and receive patient records (subject to clinical system compatibility).

Summary Care Record

A Summary Care Record is an electronic record which contains information about the medicines you take, allergies you suffer from and any bad reactions to medicines you have had. Having this information stored in one place makes it easier for healthcare staff to treat you in an emergency, or when your GP practice is closed. More information on the Summary Care Record can be seen at: <http://www.nhscarerecords.nhs.uk>

Marple Cottage Surgery confirm that your SCR is automatically updated on a daily basis to ensure that your information is as up to date as it can possibly be.

Of course If you do not want your medical records to be available in this way please let us know so that we can update your record.
